Maintaining your health and wellbeing

Remaining active, socially connected and independent are important for your health and wellbeing.

The Hawthorn AgeWell Centre offers a friendly and welcoming environment dedicated to providing education, therapy and support programs to help you maintain or restore your independence.

- › Fast stream rehabilitation and health maintenance
- › Physiotherapy and occupational therapy
- › Falls prevention and strength training
- › Tai chi, walking groups
- › Specialised programs for people living with Parkinson's
- › Seniors Gym with specialised equipment and programs specifically designed for seniors.

Help to stay on your feet

Uniting AgeWell has Short-term Restorative Care Packages that can help you regain or maintain independence, improve function and quality of life.

Focussed on your individual goals and particular therapies to reverse or slow functional decline, the program is for a short time only, usually eight weeks.

All therapists and services come to you in your own home.

Getting started

Home Care Packages, Short-term Restorative Care Packages and subsidised Commonwealth Home Support Programme Services require a Federal Government assessment. This is done by My Aged Care.

Uniting AgeWell can support you through this process. Call **1300 783 435** for assistance.

Services are also available on a self-funded basis, with no referral required.
