GAYNES PARK
SUITES

Let us do it for you

For some older people, the daily routine of cooking can become a real chore. At Gaynes Park Suites assisted living community, we do it for you. With a five-star executive chef serving seasonal weekly changing menus in our restaurant, you can expect delicious, nutritious meals, without the hassle.

What is assisted living?

Assisted living is an innovative new choice in seniors' living that supports people with in-house services. People live with dignity and independence in the privacy of their own apartment, while enjoying the benefits of living at our welcoming community.

Cooking, cleaning and chores – done!

At Gaynes Park Suites, we do the cooking, cleaning, heavy laundry, home maintenance and more!

Looking after your wellbeing

Our programs and services help you stay on top of your health. We offer activities and events, plus tailored programs to assist with your physical and mental wellbeing.

What if your needs change?

Additional support can be brought in through At Home created by Life Care, which includes Home Care Packages – of which some funds can contribute to service fees.

A place to call home

There's a choice of one and two bedroom apartments featuring a stylish kitchenette, elegant bathroom/s, spacious living and dining and an outdoor terrace or balcony. Every brand new apartment is designed to allow you to age in place.

Spend quality time together

As there are no chores to be done, it gives you – and your loved ones – precious time back. Quality time you can spend in our residents' lounge, over a game of billiards or a barbecue in the courtyard. You also have the support of our friendly community around you. With activities, events, movies and more, our aim is to ensure people don't feel isolated.

Our goal at Life Care is to give older people the support they need to live independently, confidently and effortlessly.
